Grades

The number of points you accumulate during the semester determines your final grade. You can earn points in the following areas:

| | |
|-------------------------|------------|
| 13 Quizzes | 260 points |
| 17 Projects (estimated) | 245 points |
| Final Exam | 75 points |
| Total | 580 points |

Your final letter grade is determined from your total points as shown below:

| % | Grade |
|----------------|-------|
| 90% or more | A |
| 80% - 89.99% | B |
| 60% - 79.99% | C |
| 50% - 59.99% | D |
| 49.99% or less | F |

This course allows "Pass/No Pass" grading, if that option is requested before the deadline.

Ethics and Cheating

Security professionals are held to high standards of ethics, like police officers. Lying, copying others' work and passing it off as your own, crude or abusive language, and performing cybercrimes will not be tolerated in this class. Offenders will be punished by losing points, or by immediate expulsion and a final grade of F, at the discretion of the instructor. If you are unsure whether something is unethical, please discuss it with your instructor before submitting questionable work for credit.

Students who demonstrate serious irresponsibility or immaturity may be expelled at any time.

Changes

I reserve the right to change any of these policies as necessary during the semester and will inform you of any changes.
